

ASSTRA SUPPLY CHAIN SECURITY AND RESILIENCE POLICY STATEMENT (MANIFEST 2026)

Supply chain security is a fundamental priority of AsstrA in the execution of its freight forwarding and logistics activities.

In an increasingly complex global environment, the Company is committed to ensuring the integrity, continuity and reliability of supply chain operations, while consistently meeting the expectations of customers, partners and stakeholders.

AsstrA conducts its activities in accordance with applicable international standards, regulatory requirements and internal corporate principles, embedding security into all business processes and decision-making.

Our Commitment

AsstrA is committed to:

- safeguarding cargo and ensuring its integrity throughout the supply chain;
- maintaining stable and uninterrupted logistics operations;
- proactively managing risks that may impact security and performance;
- complying with all applicable legal, regulatory and industry requirements;
- acting as a reliable and trusted logistics partner.

Responsibility

All employees, subcontractors, carriers and partners are expected to adhere to the principles of this Policy and contribute to maintaining a secure and resilient supply chain.

The Company ensures appropriate governance, oversight and continuous development of its security practices.

Continuous Improvement

AsstrA is committed to the ongoing enhancement of its security management approach, ensuring its relevance, effectiveness and alignment with the evolving risk environment.

This Statement is approved by the Company's management and reflects AsstrA's long-term commitment to supply chain security.
